Bat Covers & Cricket Bags

We stock Newbery Cricket bags because we think they are the best cricket bags available....and we say that because they've got heavy duty zips, sturdy wheels and properly stitched on handles! They therefore last really well, and here's some proof....

If you take a look at the cricket bags that Jon uses for our coaching business, you'll be hard pushed to believe that every one of them is 4-5 years old (but they are!) They've been used about 5 days a week, every week in that period of time – so yes, they do last!

We think that speaks volumes about just how good these cricket bags really are!

Chase Bat Cover

These are really good quality padded bat covers, which the bat & its handle fit inside and we think that they are worth far more than the price tag might make you believe.

An essential item of kit for every player - to protect your bat from being damaged by other things in your kit bag (including shoe spikes and cricket helmet grills which can completely ruin a cricket bat in an instant if they come into contact with each other!) Provides protection from knocks & bumps – not just the rain!

When you consider what these cost (compared to the cost of a cricket bat) you hopefully start to agree with us that one of these IS something worth owning.
